REF: NPC BN No. 25-276 (In Re: Breach Notification Report of DepEd CAR Regional Office)

CLETO MONSANTO

Chief, Compliance and Monitoring Division
National Privacy Commission

Sir,

We are fully committed to complying with the Commission's directive. In line with this, we respectfully request a thirty (30)-day extension of the submission deadline to enable our Office to properly conduct a Privacy Impact Assessment and notify the other relevant data subjects of the breach. The additional time is essential for us to conduct a thorough assessment to prevent further disclosures and to ensure the integrity of our systems is restored before notifying other data subjects.

Concurrently, our Office has initiated and conducted several security measures to address the incident, restore the integrity of our systems, and minimize the harm to the affected data subjects. These measures include, but are not limited to:

- Conducted a forensic analysis of our systems and infrastructure
- Setup new servers for systems that need to be up and running
- Implemented immediate security patches and reinforced access controls to prevent further unauthorized disclosures.

We humbly pray for your favorable consideration of our request for a 30-day extension, which will allow us to submit a complete, accurate, and effective compliance report.
